

EDUCATION

Degree/Certificate	Institute/Board	CGPA/Percentage	Year
B.TECH	Maulana Azad college of engineering and technology Patna	8 CGPA	2023-2027
12th (Intermediate)	St. Jude's Vidyalyaya	70%	2021-2023
10th	St. Jude's Vidyalyaya	91.8%	2020-2021

EXPERIENCE

- Centre for Development of Advanced Computing(C-DAC,Patna) 

Full stack web development (MERN)

June 2025
Patna

◦ Successfully completed a 100-hour intensive internship focused on MERN stack (MongoDB, Express.js, React.js, Node.js), gaining practical experience in end-to-end web application development. Developed and implemented key modules for a full-stack application, demonstrating proficiency in React component development, Node.js API creation, and MongoDB integration

• TechX Ninjas ParaNox Contest 

frontend web development

May 2024
online

◦ Achieved 5th place in TechXNinjas ParaNox Contest; recognized for hard work critical thinking

• ABES Institute of Technology 

hackathon

April 2025
online

◦ Built with the MERN stack (MongoDB, Express.js, React.js, Node.js), the platform delivers transparent, personalized, and actionable insights to enhance job readiness and bridge the gap between talent and opportunity. Key Benefits: Personalized feedback & learning
- PROJECTS
- Resume Builder

Tools: Next.js, TypeScript, TailwindCSS

Feb 2025 - Present

◦ Developed a dynamic resume builder with LaTeX export support.

◦ Implemented user authentication and data persistence using Firebase.

• E-commerce Website

Tools: React, Node.js, MongoDB

Sep 2024 - Dec 2024

◦ Built a full-stack e-commerce platform handling 1000+ transactions daily.

◦ Integrated Stripe for secure payments and optimized backend for scalability.
